AirWetech L

Air disinfection unit for installation in moist rooms, protected against water splashes, module for wall mounting, consisting of disinfection chamber, fan and sheet mesh filter for pre-cleansing, housing made of stainless steel 1.4301, UV-C emitter with Teflon sheath and special interior coating of the quartz glass for high service life with low irradiation fall-off, optional caster for stand-alone unit

UV-C technology

Number of emitters	2 . 4
Emitter type	8920959999001
Emitter power	2 . 4 x 95 W
UV-C output	64 . 128 W
Protection rating . Protection class	IP 54 . I
Emitter service life	9,000 h

Areas of deployment

Moist rooms in the food industry and laboratories

Unit geometry

Width	220 mm
Depth without . with mount	142 . 215 mm
Height without . with mount	1,130 . 1,240 mm
Weight	18.0 . 29.0 kg

Project planning

Number of units to be used depends on room size and application

Performance data

Supply voltage	230 V
Frequency	50-60 Hz
Power consumption	195 . 435 W
Nominal volume flow	100 . 200 m ³ /h
Noise level	46 . 54 db (A)

Note

Can be used in working rooms without any impairment of the people in the rooms
